sparks and powder kegs

## 1. new communication ecosystem

"The combination of Google, Twitter, Facebook and Al Jazeera in the hands of a new generation of youth armed with cell phones broke social shackles" ([Antóni Gutiérrez-Rubí](#))

Feb 2011: 5 million Egyptians (out of 80m) have a facebook acct., 77% have a mobile, 21% internet penetration (fewer than 15,000 Egyptians tweeted)

2. **spark:** Mohamed Buazizi - broadcast by Al Jazeera, retransmitted by social nets

3. **the spirit of revolution:** microblogging has its own narrative capability to transmit emotions + collective awareness

# limits and dangers

**limited penetration**: internet, mobiles, facebook not (yet) universal  
BUT high penetration among urban youth + Al Jazeera audience

**what is really new?** there have been revolutions without ICTs...

**reliability?** government shutdowns

**networks** effective against **hierarchies** (Tunisia, Egypt). less  
against tribes? (Libya, Yemen, Syria)

**backlash**: social networks can also be used against dissidents

1	17:05	220	positive	Herman Cain wants to overthrow the government of Iran - that worked out really well for the US the first time it did that.
2	17:16	18	unsure	Rick Santorum urges us not to have the smoking gun be a mushroom cloud over Tehran - copies Condi Rice & makes no sense
3	17:19	1	negative	Crazies! RT @sunny_hundal "Jon Huntsman joins Ron Paul in calling to pull out of Afghanistan"
4	17:39	16	negative	Yes, Rick Santorum, I think it's a pretty safe bet the US has played some role in those dead Iranian nuclear scientists & computer viruses
5	17:42	74	negative	BREAKING: Michele Bachman - The ACLU is running the CIA!!!!
6	17:45	29	neutral	Here's where all the GOP candidates (except Paul & Huntsman) cheer for Obama's assassination of Awlaki - Romney just went first
7	17:47	42	negative	Gingrich endorses Obama's Awlaki assassination - because "a panel found him guilty" - meaning a secret WH panel
8	17:48	30	negative	Loudest cheers from the GOP "small government" crowd is over Obama's Awlaki assassination and support for it from Gingrich & Romney
9	18:00	54	negative	Paley to Gingrich: "But Awlaki was never found guilty" - Gingrich: "he was"- Paley: "not by a court" - Gingrich: by a WH panel! #AMERICA

11	18:11	188	negative	Crazy Ron Paul points out the GOP's rather glaring contradiction between not trusting the govt & wanting it to kill citizens w/o due process
12	18:14	28	neutral	Michele Bachman the latest GOP candidate tonight to join @ThinkProgress in declaring Obama's Awlaki assassination a grand & noble success
13	18:16	2	positive	Koch-traitor! RT @JamesFallows I am ready to join the Ron Paul support team, for his no-BS anti-torture and pro rule-of-law talk
14	18:18	278	negative	Ron Paul to the GOP: So to sum up: you people don't trust the govt to run health care, but want the President to kill whomever he wants
15	18:23	0	negative	That's why he's the front-runner RT @AntDeRosa Cain's foreign policy plan seems to be "I don't know"
16	18:25	22	negative	The supreme summary of this GOP debate, excluding Ron Paul * Jon Huntsman: <a href="http://t.co/fET4jo5P">http://t.co/fET4jo5P</a>
